

POLY SLIMLINE - SLIMLINE PLASTIC POLY WATER TANK

- All our poly tanks are made from UV stabilised food grade polyethylene
- All our tanks are made in accordance with AS4 766 (the poly water tank manufacturing standard)
- All our tanks have an industry standard 10 year warranty

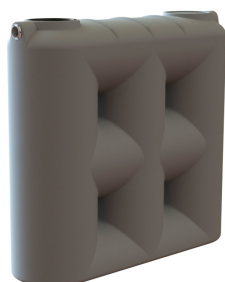

Available Colours:

	Smooth Cream		Slate Grey		Stormedge Blue
	Beige		Merino		Heritage Green
	Rivergum		Wheat		Black
	Heritage Red				

This small plastic poly slimline tank is the perfect solution as an under deck water tank or under window water tank due to its very low height. Because it is a slimline tank, it is also a good solution for narrow passageways and areas that might otherwise be difficult to get a tank into.

PRODUCT CODE	DESCRIPTION	CAPACITY	HEIGHT	WIDTH	LENGTH
WP-WPS720	Poly Slimline 720 L	660L	0.92m	0.71m	1.42m

This mid size plastic poly slimline water tank is the perfect solution for water storage along the side of a home or building. Its relatively narrow width makes it a good solution for tight spots or difficult access locations.

PRODUCT CODE	DESCRIPTION	CAPACITY	HEIGHT	WIDTH	LENGTH
WP-SWT3000	3000 L Poly Slimline	3000 L	2.19m	0.75m	2.4m

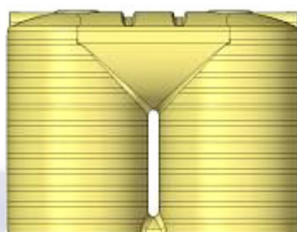

Perfect for storage along the side of a home or building. The structure of the slimline sections provide added strength to the tank. Its rugged good looks and range of available colours make it a good looking space-saving water tank suitable for most homes.

PRODUCT CODE	DESCRIPTION	CAPACITY	HEIGHT	WIDTH	LENGTH
WP-SSWT3000	Poly Super Slimline	3000 L	2.0m	0.68m	3.1m

Fill that void along the side of a home or building with this sleek, functional Poly Slimline Tank. The structure of the slimline sections provide added strength to the tank. Its rugged good looks and range of available colours make it a good looking space-saving water tank suitable for most homes.
