

STEEL - Slimline Tanks

Waterplex® offer a range of over 5,000 steel slimline and round Bluescope® Aquaplate® rainwater tanks.

Why choose a Waterplex tank?

- all tanks are tested before leaving the factory
- all tanks are delivered to slab on site
- market leading warranty (20 years on steel, full 10 years on manufacturing)
- free consultation on the design of a rainwater harvesting system
- national network of preferred installers
- full range of accessories for the complete rain water harvesting system

- Full range of corrugated steel slimline and round water tanks (over 5,000 different sizes)
- Bluescope® Aquaplate® Polymer coated steel
- 20 year corrosion warranty, 10 year construction warranty
- latest "all in one" steel slimline tank includes factory fitted submersible pump and mains water controller integrated inside the tank (no unsightly external attachments)
